January 2018

Dear Member:

After serving the New Jersey banking community since 1922, the New Jersey State Safe Deposit Association will dissolve effective March 31, 2018. Declining participation to serve as members of the board of directors, as county representatives and availability of qualified bankers to present seminars has led to this regrettable decision.

Access to the hot-line, website, and seminars will cease as of March 31, 2018.

On behalf of the NJSSDA Board of Directors thank you for your membership and support over the years.

Sincerely,

Theresa O'Keefe
President
